9 counsel to advise it with respect to the revenue bonds and general obligation
10 bonds. The District has engaged a malpractice specialist to commence certain actions

14 **X.**
SOUTHERN INYO HEALTH CARE DISTRICT

15 The District has filed a Cost of Administration Claim in the Southern Inyo Health
16 Care District ("SIHCD") Chapter 9 case pending before the Honorable Fredrick E.
17 Clement seeking recovery for assets and monies transferred to SIHCD by the prior
18 manager of both Districts. At present, the Districts are discussing a resolution of this
19 issue by fixing and allowing TRMC a general unsecured claim because administrative
20 claims in Chapter 9 are very limited. The District anticipates that it will be involved in
21 the confirmation process involving the Plan of Adjustment proposed by SIHCD.

22
23 **XI.**
HEALTH CARE CONGLOMERATE ASSOCIATES, LLC

24 The District and Healthcare Conglomerate Associates, LLC have entered into a
25 resolution of their disputes and it is anticipated that the resolution will be consummated
26 in February 2019 which will result in clearing title to the Debtor's real property. The
27 pending litigation between the District and HCCA has been continued to February 27,
28 2019.

**XII.
MB FINANCIAL / CELTIC LEASING**

This adversary proceeding has been settled and an order authorizing the compromise was lodged with the Court on January 21, 2019. The adversary proceeding will soon be dismissed. By virtue of the resolution titled "Disputed Title 2" a substantial amount of medical equipment has been resolved.

**XIII.
NEXT PHASE**

So that the court might have a "road map" as to the next phase in this Chapter 9 case, the following items are expected to be commenced or furthered over the next four months:

- Adventist Health expects to receive a change of ownership certificate from the State of California around March 1. At that time Adventist Health will become the lessee of the hospital.
- The District expects to seek a borrowing to aid the District in moving into the plan of adjustment phase.
- The District will file one or more malpractice lawsuits.
- The District will evaluate avoidance claims and will bring a number of preference actions.
- The District will continue with its evaluation of contracts, many of which will be rejected and others will be assumed and assigned to Adventist Health pursuant to previous orders of the court.
- The District will continue to monitor its claims against Southern Inyo Healthcare District.
- The District anticipates in the next phase that it will resolve the litigation involving with HCCA and Celtic.
- The District will continue on with an analysis of claims.
- The District will reconcile the secured claim of Adventist and will identify and sell

Case 17-13797

Doc 1020

1 excess equipment.

- 2 • The District will bring administrative motions dealing with claims and claims bar
3 dates.

4 **XIV.**
PLAN OF ADJUSTMENT

5 The District has commenced modeling financial projections relating to its Plan of
6 Adjustment. Preliminary indications are that the District will be able to commence
7 drafting the Disclosure Statement and Plan of Adjustment once the Adventist Health
8 change of ownership takes place. Prior to the next status conference the Debtor
9 expects to know with a high degree of certainty when the Plan will be filed.

10 Thus, the District anticipates that it will be able to file a Plan sometime in April,
11 2019, assuming the Adventist Health change of ownership is granted by around the first
12 week of March.

13 **XV.**
FURTHER STATUS CONFERENCE

14 The District suggests to the Court that it would be appropriate to set a further
15 Chapter 9 Status Conference around May 30, 2019 so the Debtor can make a further
16 report to the Court on its reorganization and progress toward reopening and the Plan of
17 Adjustment and report back as to the status of the lease to Adventist Health.

18 **XVI.**
CONCLUSION

19 WHEREFORE, Tulare Local Healthcare District prays that the Court be apprised
20 accordingly and seeks such relief as is just and proper.
